

Cycle Parking Manufacturers

www.sustrans.org.uk/schooltravel

This directory is a guide to get you started. It is not exhaustive, nor are those featured endorsed by Sustrans. Seek at least three quotations for your work, and check if your local authority is locked into a tender with a certain manufacturer.

Many of these manufacturers supply nationally, however we have divided it into regions for your convenience. Where possible, try and purchase cycle storage that is manufactured locally to lower its carbon emissions. Consider the type of material your cycle parking is made from. Can you opt for recycled or locally sourced materials?
