

Private suppliers of school travel goods and services

www.sustrans.org.uk/schooltravel

This list of suppliers might be useful for school travel initiatives, especially those which may be difficult to source. Suppliers are not paying to be featured, the list is not exhaustive and suppliers are not being endorsed by Sustrans.

When purchasing items, we would recommend getting quotes from at least three different suppliers where possible. You may also wish to contact your local authority's Road Safety team or School Travel Advisor for further options, or even free resources.

Some small 'freebies' are available from the DfT road safety website, such as stickers and posters, visit: www.thinkroadsafety.gov.uk/catalogue/index.htm

Cycle parking manufacturers

We have a separate sheet available in the [Toolkit section of our website](#).

Thermoplastic images

These images can be transferred onto playgrounds, streets etc (footprints, arrows, pictures etc). If intended for use in a public place, schools MUST speak to their councils regarding this – we have seen examples of this, but the council's permission was agreed prior to use.
