Holkham Hall

The National Cycle Network is a comprehensive network of safe and attractive routes to cycle throughout the UK. 10,000 miles are due for completion by 2005, one third of which will be on traffic-free paths - the rest will follow quiet lanes or traffic-calmed roads. It is delivered through the policies and programmes of over 450 local authorities and other partners, and is co-ordinated by the charity Sustrans.
