Business Profile:

Please provide an overview of your organisation, including its size and the nature of your business.

How do you currently transport goods and/or do deliveries?

What would you anticipate your use of a cargo bike to be?

What type of goods are you transporting?

For example: 12 yoga mats (low weight, high volume) 10kg bags of coffee (low volume, high weight)

Please describe your ability to provide adequate storage, including storing the bike inside overnight?			
Does your business have public liability insurance?			
How many employees do you anticipate would use the cargo bike?			
Will the employees that you anticipate using the Cargo bike be available for training? Note: Training is required to use the cargo bikes. The training is no more than 3-4 hours and will only be required once.	Yes	No	Unsure
As part of using the Cargo Bike Library, would you agree to participate in surveys, case studies and potentially a focus group? Note: we require evidence (Qualitative and Quantitative) for our funding. It would be a requirement to participate in the above.	Yes	No	Unsure
If the trial period is successful, how would you rate the likelihood of your business purchasing a cargo bike in the future?	Unlikely	Unsure	Likely
