

## One Path - Guidance to shared paths

The Comber Greenway has grown in popularity among a wide range of users. We want everyone to feel welcome and enjoy this wonderful community asset – a 7-mile stretch from east Belfast to Comber in Co Down. It is a linear park for leisure and also a route for commuters.

The path is for everyone and lots of people use it in different ways. Whether you're:

- out for a leisurely stroll
- heading to work, school or the shops
- off for a run
- walking the dog(s)
- going for a bike ride
- out for a family adventure

### All users:

- Please show consideration for all those sharing the path.
- Use your skills of observation, anticipation and forward planning especially at times when the path is busy.
- Travel at a pace suitable for the conditions and take particular care when passing children, less able people and animals.
- Be courteous and thank people who move aside to share the path.
- When cycling you should ring your bell to alert people to your presence, not to order them out of your way. It is best to do this well in advance when approaching pedestrians and people cycling more slowly or when approaching a blind corner.
- Keep your dog[s] under control \*
- Be aware that some path users may have visual and hearing impairments or be wearing headphones so may not be aware of you.
- After dark, think about whether you and your dog are visible to others.
- Take rubbish home or use bin at your exit point.

\* Please refer to your local Council byelaws/ Dog Control Orders
